PIROPO

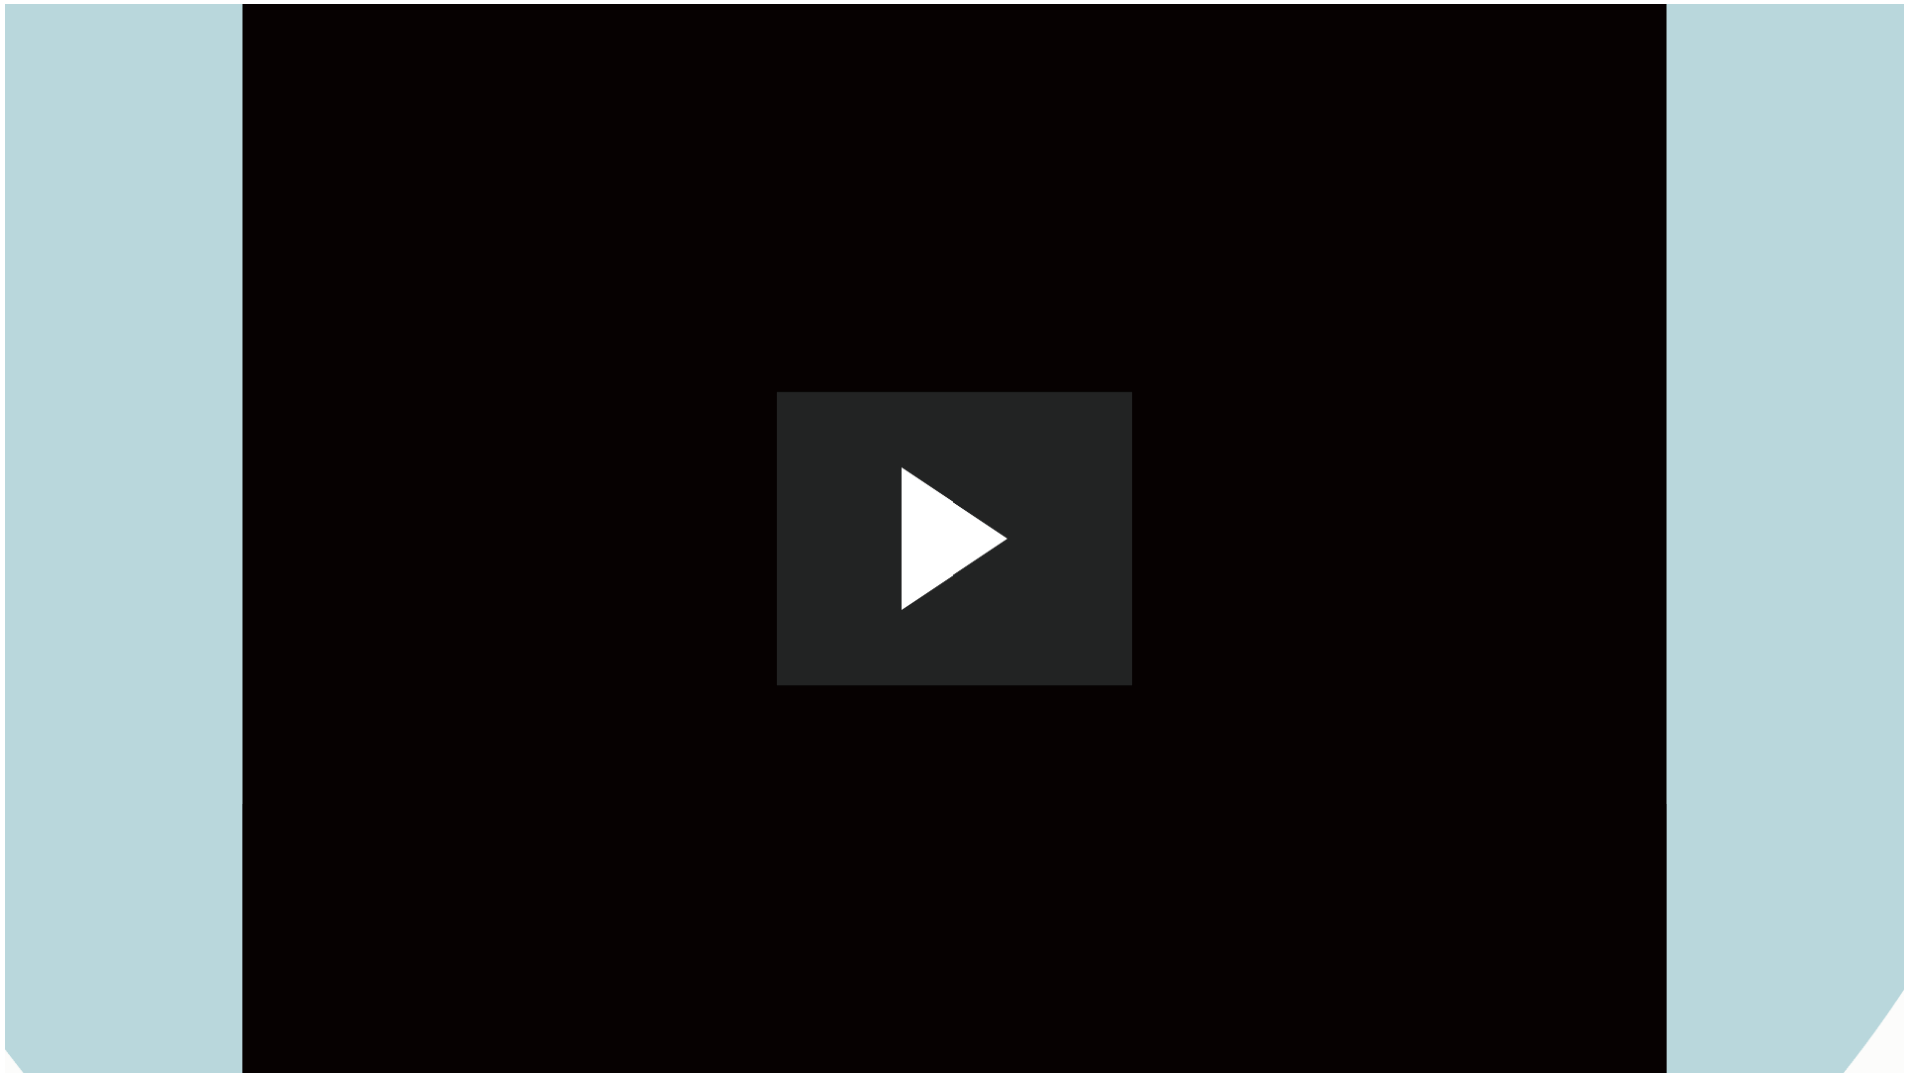

If your Chest were a jail,
your heart were the
dungeon and,
you were the guard,
I would like to become the
most pleased prisoner.

Annual loss of 2% of forest.

Forest are turning into farms and pastures for animals.

Aborigine people say "Trust the government will protect the nature and collective rights is a total ingenuity."

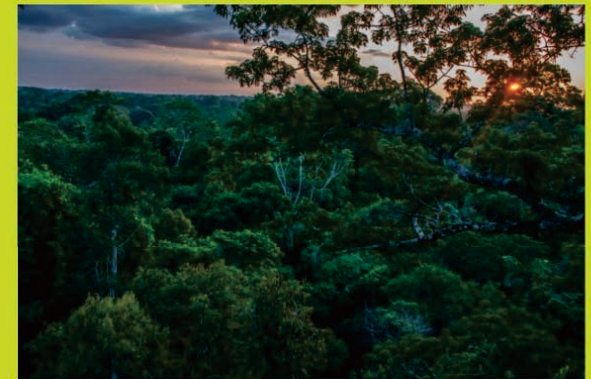

The government reaction is too slow that the people has to protest after the damage is done.
